

Clinical Nurse Manager 0.5FTE Primary Care

If you are passionate about primary health care and leading clinical teams to provide a high quality, patient-focused care then this dynamic role is for you. We are looking for an experienced clinical nurse manager to deliver excellence across multiple sites.

This is a pivotal management role and you would work alongside our Management Team and Clinical Director. Along with the overall clinical leadership and management of the nursing team, you will also manage and develop the nursing services across the practices.

The Clinical Nurse Manager will lead by example, showing a high level of professionalism, sensitivity, respect and confidentiality when dealing with colleagues and patients.

For a Position Description and Application Form, please contact Tamatea Medical Centre at practicemanager@gpcare.co.nz

**All applications must include a completed Application Form, Cover Letter and CV.
Applications close 5.00pm, Wednesday 7th October 2020**

Applicants for this position should have New Zealand residency or a valid New Zealand work visa.
